NJ HEALTH CARE INDUSTRY WEEK

April 8-12, 2013

Throughout The State of New Jersey

New Jersey's Health Care Talent Network and its partners are holding a week-long event to highlight opportunities for employment and training in New Jersey's growing health care industry. Isolated events will be held throughout the state of New Jersey. Activities include:

- Free fitness testing as well as blood pressure and cholesterol screenings!
- Opportunities to network with employers from a variety of health care sectors, including sports medicine and orthopedics
- Keynote speeches from experts within the medical industry and education
- Video cast and demonstrations of the latest technologies

Students, jobseekers, and the general public who are interested in pursuing a career in health care are invited to attend. Tweet about this event using #njhciweek

For a schedule of events and details, visit www.hctn-nj.org

Partners include Burlington County College, Brookdale Community College, Essex County College, Hudson County Community College, Middlesex County College, New Jersey Institute of Technology, St. Peter's University Hospital, The University of Medicine & Dentistry of New Jersey
