Course Overview

The primary objective of this course is to provide you with a deep understanding of strategic management. Topics to be covered will include competitor analysis, strategy formulation (at the business, corporate and international levels), acquisitions and restructuring, and cooperative strategies.

We will discuss the reality that some firms gain sustainable competitive advantage over industry rivals while others struggle to simply survive. How do factors such as a firm’s internal and external environment impact their selection and implementation of strategy? How do new firms effectively plan and execute strategies that will enable them to successfully compete against established firms? These are some examples of the types of questions we will seek to answer in our study of strategic management. To achieve these objectives, a balance of theory and practice will be applied in the form of textbook readings and discussions mixed in with “real life” business examples and cases.

SMLR / HR Management Learning Goals

This course focuses on the following School of Management and Labor Relations / HR department learning objectives:

Cognitive Skills and Processes

The cognitive skills and process area reflects the goal for SMLR programs to help students develop skills central to lifelong learning and participation in society and the workplace.

Written & Oral Communication – Communicate effectively at a level and in modes appropriate to an entry level professional.

- Communicate complex ideas effectively, in standard written English
- Analyze and synthesize information and ideas from multiple sources to generate new insights
- Produce quality research papers with proper convention of attribution/citation
- Produce high quality executive summaries
- Make an argument using contemporary and/or historical evidence
- Present ideas and arguments in a logical and effective way

Knowledge of Theory, Practice and Application

The knowledge of theory and application area reflects the goal for SMLR programs to ensure that students learn the key theoretical and foundation areas of study in their domains and realize opportunities to apply that knowledge to practice situations.

Theoretical Perspectives - Demonstrate an understanding of relevant theories and apply them given the background context of a particular work situation.

- Demonstrate an understanding of the practical perspectives, theories and concepts in their field of study
- Evaluate and apply theories from social science disciplines to workplace issues

Course Requirements and Grading

(Specific due dates noted on the course outline below, and on the detailed assignment documents)

1) Class Participation (10% of course grade): You will be expected to actively participate in class. One of the core discussions (for several classes) will be the assigned case studies. It is really important that you are prepared to discuss these case studies, as you will often be part of an “in-class” team that will discuss the case study and then share your insights with the broader class.

We may have one or two guest speakers in our class during the semester, and students are expected to participate in the discussions and topics brought forward by these experts.

3) Individual Case Analysis Assignments #1 and #2 (20% and 20% of course grade): This will involve analyzing a case study. A separate handout detailing this assignment will be provided and posted on Canvas. **Case Analysis #1 is due on June 17th and Case Analysis #2 is due on July 1st.**

4) Final Team Project and Presentation (30% of course grade): You will be assigned to a team early in the semester, and your team will choose an organization to both analyze and offer insightful and creative recommendations related to the organization’s strategy. A written summary will accompany your presentation and will be part of your grade. Each team will be assigned a grade for this presentation, and this grade will be shared by every member of the team. A separate handout detailing this assignment will be provided and posted on Canvas. **Final team presentations will be on July 13th.**

4) Final Examination (20% of course grade): This will involve analyzing a case study. A separate handout detailing this assignment will be provided and posted on Canvas one week prior to the due date. **The Case Analysis is due on July 15th.**

=====

Note: All assignments (team and individual) will be submitted via Canvas, and the Turnitin verification service will be used for this class. Turnitin is a software program used by Rutgers and many other universities to check for originality and plagiarism.

EVALUATION

Your course grade will be determined as follows:

Course Component	Percentage of Final Grade
Class Participation	10%
Individual Case Analysis 1	20%
Individual Case Analysis 2	20%
Final Team Project	30%
Final Examination	20%
Total:	100%

Grading Scale

90-100 = A

88-89 = B+

80-87 = B

78-79 = C+

70-77 = C

60-69 = F

Note: for most assignment grades, I will also use “minus” grades, i.e. A-, B-, C- ; in addition to the standard grades above.

Course Policies

You are expected to complete all of the reading and come to class prepared to discuss what you have read. Further, you should be prepared to discuss and debate the material for the course to practice critical thinking and to build your understanding of the material. If you miss a class for any reason, you are responsible to find out about materials covered and any changes in schedule or assignments.

Assignments will not be accepted after the noted due date unless special arrangements have been made with the professor in advance. Students will not be permitted to take examinations after the exam date stated on the syllabus. All known student disabilities and religious holidays will be accommodated as appropriate. If you need any accommodation, you should discuss this with me no later than the second class session.

All students will be expected to be familiar with and abide by the University’s Academic Integrity Policy. Failure to comply with this policy will result in the student’s failure of the course and referral to the Office of Student Conduct.

Students should use their Rutgers e-mail addresses for class communications with the instructor and the members of their team. In addition, we will use Canvas as the primary source of class content, and for other collaboration as required. **As such, students should check their Rutgers email and Canvas on a frequent basis.**

Required Readings

Students are responsible for accessing and completing all readings prior to the class for which the readings are assigned. Required readings listed on the course schedule can be obtained as follows:

- Rothaermel, F.T. 2018. **Strategic Management: Concepts, 4th Edition**. McGraw-Hill Higher Education. *(All assigned chapters appear in the course schedule)*

Note: The textbook will be available for purchase at the bookstore. Alternatively, you may purchase or rent the book from various sites online.

Harvard Business School Publishing:

You will see several “HBSP” references in the Course Schedule Below. There are two options for obtaining these reading materials (articles and case studies)

- I have set up a “course pack” unique to our class on the HBSP website. You can click on the following URL and follow the directions for purchasing this material. If you have not done so already, you will need to set up an account on the HBSP website.
