Test Yourself Quizzes

Worth – 270 points (27%)

Nine (9) assessments – each 30 points

Nine weeks during the semester a brief test yourself quiz is assigned. Questions are organized under headings that represent the major topic areas in a chapter of the course textbook.

Students should recognize the test yourself quizzes as a learning opportunity. Each topic area in a quiz can be completed up to three times. Questions do not repeat. After submitting each set of questions in a topic area, students receive feedback according to the answer chosen for the questions.

Quizzes must be taken the week they are assigned. Students can review answers to the questions each time a topic area is submitted.

Portfolio

Worth – 390 points (**39%**)

Three Portfolio sections, each 130 points

Due wk. 6 (Portfolio 1 – Activities 1 - 3); wk.9 ((Portfolio 2 – Activities 4 -6), wk. 13 (Portfolio 3 – Activities 7 - 9)

Students use self-assessments embedded into the course to investigate their perspectives, attitudes, behaviors, and competencies associated with course concepts.

There are 3 Portfolios. Within each Portfolio students complete and then reflect upon 3 individual self-assessments. A total of 9 assessments are completed throughout the semester.

Portfolios are graded according to the extent to which high quality responses are developed.

Points are earned through quality reflection on: 1) responses to assessment questions, assessment feedback – worth less points - and 2) knowledge of course content associated with the assessment topic – worth more points.

Instructions, a template, grading rubrics and several samples are provided.

Students exhibit the ability to make both an academic and personal connection to our overall subject and the topics we explore throughout the semester; showcase critical thinking and provide a high quality writing sample.

Course Policies

The course begins the 1st day of the semester. This is an **asynchronous** course. The course week begins on **WEDNESDAYS**.

Message Checking Policies

Messages Sent to Professor's Canvas Inbox

Unless students receive advance notification, your professor will check her Canvas Inbox by 10:00 am ET on regular workdays. (This excludes Sundays and Thanksgiving Break.) If a student sends a comment or question, the instructor will address the contents of the message within 24 hours.

Messages Sent to Student Canvas Inbox

It is the responsibility of the student to regularly check for incoming course messages. Messages are always sent through the Canvas messaging system. Students will receive a notification when a new message has been sent to his/her Canvas inbox. Forgetting or being unable to check for messages in one's Canvas inbox is not an excuse.

Weekly Message on Wednesday

A weekly message will be uploaded into the announcements area of the course Wednesday mornings. Reviewing the weekly message is a required activity. Weekly Messages present timely information on course activities/assignments and content.

Taking Quizzes and Forum Engagement

Quizzes are open all week: Wednesday – Tuesday 11:59 pm.

Forums 1, 3- 5

All students are responsible for offering 3 comments in forum discussions. First comment deadline is set for Saturdays, 11:59 pm the week forums are held. When a student does not participate fully or at all by 11:59 pm on the day the commenting period closes, points cannot be made up.

Special Forum: Forum 2 involves a 450 – 500 word essay (plus resources appropriately listed) as the original comment. Original comment is due week 3; peer discussion comments/replies are due week 4. Late deduction for original comment (essay) if uploaded in week 4.

Late Submission Policy – Portfolio and Week 1 Initial Reflections Essay

Portfolio sections and the Initial Reflections assignment can be submitted up until 11:59 pm on the stated due date with no penalty. Late submissions will be accepted up to 48 hours late from the due date and time for a deduction of 10% of the points attributed to the assignment. (This is a deduction of one letter grade.)

Things happen. When you don't have to attend a class session in person, it's easy to let a situation in your personal or professional life get in the way of online course work. In addition, remember the first rule in computer use: the computer or Internet connection will act up at the most critical time. Because "things happen" it's a best practice not to wait until the last minute to take the quizzes, submit a Forum comment, or upload a Portfolio or writing assignment.

Grading

Each assignment is worth a certain number of points as identified in the assignments section of the syllabus. Highest number of points a student can earn is 1,000. Points accumulate to determine final percentage grade (percent of 1,000 points.) Information concerning use of one's gradebook and assignment rubrics for each assignment is available in the course shell.

Outstanding 100 – 90% = A	Very Good 89 – 87% = B+	Good 86 – 80% = B
Satisfactory 79 – 77 points = C+	Poor 66 – 60 = D; 59% =F	
76 – 70 = C		

Extra Credit Discussion

The last several days of the semester a course concluding discussion will be made available for students who desire an extra credit opportunity. The discussion is worth up to 40 points. Discussion will be graded on original comment (30 points) and 2 replies to learning community members (10 points.) *No other extra credit assignment will be offered to individual students.*

Students with Disabilities

To receive consideration for an accommodation, students with a disability must send their letter of accommodation to their instructors and discuss the needed accommodation(s) as early in the semester as possible. For more information regarding the process of applying for a letter of accommodation:

Academic Integrity

Conduct yourself in accordance with the Rutgers University Academic Integrity policy.

Recognize Best Practices and Use Them to Achieve Success

Students are offered specific directions on how to complete each assignment within the course. In addition, specific grading rubrics are published so that students understand how each assignment will be graded. It is expected that students will be attentive to directions and the grading criteria for assignments. *Paying attention is in the student's best interest.*

It is the student's responsibility to review best practices/grading rubrics and ask questions prior to submitting an assignment or engaging in forum work.
