Accommodations

Everyone will need some type of accommodation at some point throughout the semester. My goal is to normalize the need for accommodation requests to the extent the university policy allows me to. There are various types of accommodation requests. I can help with some accommodation requests, but there are also accommodation requests that you will need to go through the university's ODS. I can help with the following (**without you going to the ODS**):

- Extended time for exam and/or assignment submissions (already built in for all but let me know if you require something different).
- Make up exams, assignments, due to work travel, illness, family responsibilities. No need to ask, just tell me. I just need a heads up so I know you're ok and that you don't fall behind on your course work.

Rutgers' Official Accommodation Statement

Rutgers University welcomes students with disabilities into all of the University's educational programs. In order to receive consideration for reasonable accommodations, a student with a disability must contact the appropriate disability services office at the campus where you are officially enrolled, participate in an intake interview, and provide documentation ([See Documentation Guidelines](#)). If the documentation supports your request for reasonable accommodations, your campus's disability services office will provide you and your instructor with a Letter of Accommodations. Please discuss the accommodations with your instructors as early in your courses as possible. To begin this process, please complete the [registration form](#). I am happy to facilitate the process if you need me to. Just let me know.
