Learning Objectives
The students in School of Management and Labor Relations are able to:
- Demonstrate an understanding of relevant theories and apply them given the background context of a particular work situation. (Goal IV)
- Demonstrate an understanding of how to apply knowledge necessary for effective work performance. (Goal V)

The students in Labor Studies and Employment Relations Department are able to:
- Demonstrate an understanding of the perspectives, theories and concepts in the field of labor and employment relations. (Goal 1).
- Apply those concepts, and substantive institutional knowledge, to understanding contemporary developments related to work. (Goal 2).

Course Description
This class will look at the key issues in the management of people, primarily in for-profit corporations in the United States. It will not teach detailed management techniques and methods. Instead, we will discuss theoretical concepts that will help us understand and analyze real world challenges in the changing workplace.

Key questions and themes include:
- What is work, what is a workplace and what is an organization?
- Why should organizations put people first for success and sustainability?
- How and why are organizations changing?
- What are the incentives in the workplace for workers and managers?
- What are the effects of new forms of work organization such as temping, freelancing and outsourcing on workers and organizations?

Course Policies

Message Checking Policies

Messages Sent to Instructor’s Canvas Inbox

Unless students receive advance notification, the instructor will check his Canvas Inbox by 10:00 am ET on regular workdays. (This excludes Weekends and Thanksgiving.) If a student sends a comment or question, the instructor will address the contents of the message within 24 hours.

Messages Sent to Student Canvas Inbox

It is the responsibility of the student to regularly check for incoming course messages. Messages are always sent through the Canvas messaging system. Students will receive a notification when a new message has been sent to his/her Canvas inbox. Forgetting or being unable to check for messages in one’s Canvas inbox is not an excuse.

Weekly Messages

A weekly message will be uploaded into the announcements area of the course Tuesday mornings. Reviewing the weekly message is a required activity. Weekly Messages present timely information on course activities/assignments and content.

Taking Exams and Forum Engagement

Exams may be taken anytime between the open and close day and time. Exams must be completed by 11:59 pm on the close date. Once a student logs into the exam area, the quiz must be completed in one sitting.

All students are responsible for offering 2 comments in forum discussions. When a student does not participate fully or at all by 11:59 pm on the day the commenting period closes, points cannot be made up.

Late Submission Policy – Short Assignments and Writing Assignments

Assignments can be submitted up until 11:59 pm on the stated due date with no penalty. Late assignments will be accepted. But your grade for a late assignment will be lowered by 20% for each day past its due date.

Things happen. When you don’t have to attend a class session in person, it’s easy to let a situation in your personal or professional life get in the way of online course work. In addition, remember the first rule in computer use: the computer or Internet connection will act up at the most critical time. Because “things happen” it’s a best practice not to wait until the last minute to take the quizzes, submit a Forum comment, or upload a Portfolio or writing assignment.

Contact the Canvas 24/7 toll free helpdesk if you experience any technical problems that prohibit you from completing an assignment. Technical problems are not a valid excuse for missing a due date. Contact information is located on the front page of the syllabus and in various locations in the course. (Course Homepage, Course Tools page.)
Grading
Each assignment is worth a certain number of points as identified in the assignments section of the syllabus. Highest number of points a student can earn is 100. Points accumulate to determine final grade. *Decimal points will not be rounded.* For example, your final grade is B+ if you earn 89.99. It is your responsibility to monitor your grade and take steps to improve it.

\[
\begin{align*}
A &= 100 - 90 \\
B+ &= 89.99 - 87 \\
B &= 86.99 - 80 \\
C+ &= 79.99 - 77 \\
C &= 76.99 - 70 \\
D &= 66.99 - 60 \\
F &= 59.99 - 0 \\
\end{align*}
\]

Students with Disabilities
To receive consideration for an accommodation, students with a disability must send their letter of accommodation to their instructors and discuss the needed accommodation(s) as early in the semester as possible. For more information regarding the process of applying for a letter of accommodation:
