In Class Expectations:

All students are expected to attend class and discuss the readings. Students should read all assigned material prior to class time. Be prepared to discuss the key points of the readings in class. It is important to participate in discussions and group activities. Explain your views. Don’t be afraid to ask questions! Also listen – don’t monopolize the discussion or ignore other views.

Learning Objectives for this course follow. The student is able to:

Disability

Rutgers University welcomes students with disabilities into all of the University's educational programs. In order to receive consideration for reasonable accommodations, a student with a disability must contact the appropriate disability services office at the campus where you are officially enrolled, participate in an intake interview, and provide documentation: [https://ods.rutgers.edu/students/documentation-guidelines](https://ods.rutgers.edu/students/documentation-guidelines) (Links to an external site.). If the documentation supports your request for reasonable accommodations, your campus's disability services office will provide you
with a Letter of Accommodations. Please share this letter with your instructors and
discuss the accommodations with them as early in your courses as possible. To begin
